Aqua-baby.dk
Svømning er leg og læring

You and your child are enrolled in baby swimming with Aqua-Baby.dk at Højme Svømmehal, Højmevænget 3B, 5250 Odense SV.

The date and time are shown in the email you received when you signed up.

Here is some practical information:

- The entrance is on the left-hand side of the swimming pool building. The accessible changing facilities cannot be used.
- Parking is free at the swimming pool. Prams may be brought into the entrance hall, but not into the changing rooms. A baby car seat can be a good alternative to a pram.
- You can secure your changing-room locker with a padlock. Please bring your own padlock.
- “Little accidents happen!” All children aged 3 and under must therefore wear both a swim nappy and Splash About swim pants or a similar product (see picture). The swim pants MUST have snug-fitting elastic around the tummy, back and thighs. We recommend Splash About, as our experience is that it provides the best protection.

  

  Splash About swim pants and swim nappies can also be purchased from vending machines at Højme and Bolbro swimming pools.
- Wash your child thoroughly all over before putting on their swim nappy and swim pants.
- Parents entering the water with their child must also shower beforehand. Follow the swimming pool's washing rules. Remove all make-up and rinse your hair before entering the pool. Tie long hair back with a hair elastic, or wear a swimming cap.
- Remember to bring a large, dry towel for after swimming. The air may feel cold to your child.
- Only one parent may be in the water with the child, unless otherwise agreed with the instructor. Family members are very welcome to watch from the poolside.

- You may take photos during your child's lesson, but please ask an instructor first so that everyone is comfortable with this.

- Please be aware that floors around the pool and in the shower areas can be slippery. We therefore recommend wearing pool sandals or similar footwear for better grip.

- Aqua-baby.dk accepts no responsibility for clothing, valuables, cash or other belongings left in rooms, lockers or safe-deposit boxes.

- The swimming pool's rules and guidelines must always be followed.

- You can find more information on our questions and answers page.

I look forward to meeting you at the swimming pool.
Kind regards • Rebecca Fry Lauritsen • Aqua-Baby.dk
